NEW THIS YEAR!!!
4ᵀᴴ & 5ᵀᴴ GRADE LIVE VIRTUAL SHOWCASE

- Technology Setup: Students do not need their own computers. Most schools participate using one device in a classroom, conference room, or auditorium. What matters most is that the group presents live.

- Slides Are Required: Each group must prepare a visual aid (slideshow in any format) to display during their speech. Slides should be shown on a screen beside or behind the students, and the group is responsible for advancing the slides. Presentation Format: Students should stand at the front of the room or on a small stage, with their slides displayed clearly behind or next to them. A short break will be given between groups for tech setup.

- Feedback Delivery: Judges' Feedback Forms will be sent to the school coordinator via email by May 1, 2026.

- Spectators Welcome: Teachers, advisors, and administrators are invited to watch. If they plan to log in on separate devices, please submit their names ahead of time when registering.
